

**AVEVA World Digital – August 25-26, 2020**

**AVEVA World Digital – Agile Opportunities in a Reconnecting World**

As global economies reopen following lockdown, industries are waking to a new reality. Many senior executives are exploring new operational models, enabling their teams to continue to take advantage of blended work practices using digital tools and Cloud to work onsite and remotely, delivering resilient, sustainable operations.

For companies small and large, digital transformation has been accelerated and the physical and organizational boundaries have changed, emphasizing the need for innovative technologies that connect teams and empower better collaboration.

At AVEVA World Digital this August, industry leaders, software innovators and analysts will come together to discuss how industries are shaping their new, more sustainable future. Learn how companies are leveraging innovative software by AVEVA to support their evolved operating models founded on capital efficiency and operational resilience. Join some of the world’s leading engineering and manufacturing companies and discover the opportunities for your business in today’s reconnecting world.

**Tuesday, August 25th – Start times: 10:30 AM SGT | 09:30 AM BST | 09:30 AM CDT**

<p><b>Keynotes</b> 10:30-10:50 AM SGT 09:30-09:50 AM BST 09:30-09:50 AM CDT</p>	<p><b>Craig Hayman, CEO, AVEVA – “Seizing your Opportunity.”</b> Craig will discuss the opportunities available to companies now, through digital twin technology, artificial intelligence and the cloud, to boost collaboration and accelerate autonomous projects</p>
<p>10:55-11:13 AM SGT 09:55-10:13 AM BST 09:55-10:13 AM CDT</p>	<p><b>Darren Martin, CTO, Wood Group – “Digital Capital Projects and Industry 4.0.”</b> Darren will share how digital twin technology can lay the foundations of successful collaboration between connected teams from capital projects through to operations as part of an industry 4.0 strategy.</p>
<p>11.15-11:35 AM SGT 10.15-10.35 AM BST 10.15-10.35 AM CDT</p>	<p><b>Çağlayan Arkan, Global Lead, VP Manufacturing, Microsoft – “Realizing Industry 4.0 in the Cloud”</b> Microsoft is working with industry leaders to adapt to the new opportunities and challenges of our operating environment. Çağlayan will share how in aligning with AVEVA and making solutions available through the Cloud, Microsoft is connecting teams and enabling collaboration that is driving forward the agenda of industry 4.0.</p>
<p><b>Panel 1 Discussion:</b> Digital Twin 4.0 Strategy from design into operations  11:45-13.07 PM SGT 10:45-12.07 AM BST 10:45-12.07 AM CDT</p>	<p><b>Engineering efficiency: taking the digital twin from design into operations</b></p> <p><b>Amish Sabharwal, Head of Engineering Business Unit, AVEVA</b> <b>Rashesh Mody, Head of Monitor &amp; Control Business Unit, AVEVA</b> <b>Jaime Ortiz, Construction &amp; Completions Manager, Shell – “Shell’s Digital 4.0 Vision at the Monaca Polymers Plant.”</b> <b>Craig Resnick, Vice President, ARC Advisory Group – “How Cloud is Flattening the Curve” – to cover cloud, digital twin 4.0 and connected worker</b></p> <p>Optimizing engineering and operations are critical to protecting your bottom line in times of change. In our Day 1 Panel, leaders from across the engineering and operations landscape will share how they are using Digital Twin 4.0 strategies to optimize engineering and operations, connecting their workers using shared data and boosting efficiency. Jaime Ortiz will discuss how building process models for the FEED process has been integrated with operational controls to predict performance and eliminate mistakes. As the team prepares for operator training prior to start up, the team is seeing the value of using an integrated digital twin that spans the entire engineering cycle.</p> <p>As well as hearing from Amish, Jaime and Rashesh, ARC Advisory’s Craig Resnick will explain how the development of cloud technologies is accelerating the move to digital twin 4.0 operating practices, and how cloud technology has the power to accelerate innovation and flatten the impact of today’s recessionary pressures on industries. Keynote Darren Martin from Wood Group will join the group for the question and answer discussion.</p>
<p><b>Live Lounge</b> 13.10-14.25 SGT 12.10-13.25 BST</p>	<p><b>Join our Live Lounges and network with peers and the AVEVA team</b> Join our live networking sessions to ask questions, hear feedback on our live polls and quiz our speakers on the latest digital developments.</p>

12.10-13.25 CDT	
-----------------	--

**Wednesday, August 26th – Start times: 10.30 AM SGT | 9.30 AM BST | 9.30 AM CDT**

<p><b>Keynotes</b> 10:30-10:48 AM SGT 09:30-09:48 AM BST 09:30-09:48 AM CDT</p>	<p><b>Ravi Gopinath, Chief Cloud Officer &amp; Chief Product Officer, AVEVA –</b> “Engaging your connected workforce”</p> <p>Ravi will discuss how technology and the cloud is enabling companies to be agile and resilient by empowering teams, remotely and onsite, to share information and leverage advanced analytics to support better collaboration and deeper, broader intelligence-based insights.</p>
<p>10:55-11:15 AM SGT 09:55-10:15 AM BST 09:55-10:15 AM CDT</p>	<p><b>Dirk Holbach, Chief Supply Chain Officer, Laundry, Henkel –</b> “Building a Digitally Sustainable CPG/Laundry Business”</p> <p>Dirk Holbach will share how Henkel approached AVEVA to help realize its industry 4.0 digital backbone vision, which was part of Henkel’s wider sustainable operations strategy. Mr Holbach will share the incremental energy savings that his team has been able to achieve as a result. He will conclude by looking to the future and the lessons and opportunities that Henkel’s experiences offer other customers.</p>
<p>11:20-11:37 AM SGT 10:20-10:37 AM BST 10:20-10:37 AM CDT</p>	<p><b>Sebastien Boissier, Manufacturing Digitalization Director, Danone –</b> “Building Danone’s Manufacturing 4.0 Strategy”</p> <p>Sebastien Boissier will share Danone’s digital vision which they have developed in partnership with AVEVA, Danone worked with AVEVA to create DANMES, a digital twin template for their Specialized Nutrition manufacturing operations. The core model within DANMES provides 1 standard interface to SAP modules and offers 20 standard functions that are FDA compliant. Sebastien will share insights and experiences from the deployment journey in bringing scalable digital benefits and sharing innovations across their manufacturing network.</p>
<p>11:50-11:55 PM SGT 10:50-10:55 AM BST 10:50-10:55 AM CDT</p>	<p><b>Harpreet Gulati, Head of Planning &amp; Operations Business Unit, AVEVA –</b> “Realizing Your Industry 4.0 Vision”</p> <p>Harpreet Gulati will conclude the day’s session by focusing on the developments shared by leading customers and how AVEVA is working with industries worldwide to connect teams, drive innovation and enable the next phase of digital transformation in our new normal.</p>
<p><b>Panel 2 Discussion: Your connected workforce: Today’s Trends, Tomorrow’s Possibilities</b>  12:05-13:00 PM SGT 11:05-12:00 PM BST 11:05-12:00 PM CDT</p>	<p><b>Engaging your connected workforce: today’s trends, tomorrow’s possibilities</b></p> <p><b>Kim Custeau, Head of APM Business Unit, AVEVA</b> <b>Peter Richmond, Portfolio Director   Connected worker and XR, AVEVA</b> <b>Sebastien Even, Nestlé Beverage – “Nestlé’s Connected Worker Strategy”</b></p> <p>Sebastien Even of Nestle NPTC Beverage will discuss digital innovation and Nestle’s connected worker strategy while AVEVA’s Peter Richmond, will share how innovation and leading digital business models through a cloud-first approach to operations are increasing efficiency for Nestle’s teams.</p> <p>Building on the story of the Schneider Electric connected factory in AVEVA World Digital in June, the Q&amp;A panel will also feature our keynote speaker, Dirk Holbach, from Henkel talking about how digitalization is empowering workers and Henkel talking about how digitalization is empowering workers and streamlining the manufacturing process funnel.</p>

<p><b>Extra session – Webcast Update</b> 12.05-12.20 BST 12.05-12.20 CDT</p>	<p>Craig Hayman, CEO AVEVA, and Dr J. Patrick Kennedy, CEO of OSIsoft, will give an extraordinary webcast to update you on the agreement announced yesterday. Join the session from your event console and discover more about how this transformative combination will help us to drive deeper, broader advantages to support industries’ sustainable digital transformation.</p>
<p><b>Executive Live Q&amp;A</b>  13:30-14:00 PM SGT 12:30-13:00 PM BST 12:30-13:00 PM CDT</p>	<p><b>Executive Live Q&amp;A on Slack</b></p> <p>Join AVEVA Executives, Ravi Gopinath, COO and Andrew McCloskey, CTO August 26th for a 30-minute live Q&amp;A session on Slack in the #exec-live channel. Executives will respond to questions at: 13:30pm SGT (Ravi), 12:30pm BST (Ravi), 12:30pm CDT (Andrew).</p>

**On Demand Content - Available throughout the event**

<p><b>Digital Expo</b></p>	<p><b>Explore our latest solutions in action at the Digital Expo</b></p> <ul style="list-style-type: none"> <li>• Asset Performance</li> <li>• Unified Engineering</li> <li>• Unified Project Execution</li> <li>• Unified Learning</li> <li>• Value Chain Optimization</li> <li>• Unified Operations Center</li> <li>• Edge to Enterprise Operations</li> <li>• AVEVA Connect</li> <li>• Connected Worker</li> <li>• Industrial AI</li> </ul>
<p><b>AVEVA On Demand Sessions</b></p>	<p><b>Looking for more technical content? View our series of On Demand sessions designed to give you more insights on our solutions</b></p> <ul style="list-style-type: none"> <li>• Accelerate Digitalization in Oil and Gas amid Demand Uncertainty and IMO2020</li> <li>• APM 4.0 with Predictive and Prescriptive Analytics</li> <li>• Digital Trust and Sustainability</li> <li>• Digitalization to Cognition Effective Digital Strategies to Prepare for a Smarter, More Resilient Future</li> <li>• Empower Connected Workers across your Operations with AVEVA InTouch HMI</li> <li>• Enabling the Workforce of the Future</li> <li>• EPC 4.0: Accelerate digital transformation and remote working with Unified Engineering on the cloud</li> <li>• Experience the latest Real-Time Operations Control Platform for Supervisory, HMI, SCADA and IIoT</li> <li>• Leverage the cloud to execute agile projects, mitigate risk and compete effectively – against all odds</li> <li>• Open up new possibilities to connect your operations with AVEVA System Platform</li> <li>• Managing Risk and Uncertainty: The Importance of Optimizing Your Value Chain</li> <li>• Operating the Plant of the Future</li> <li>• Remote working, collaboration, and security. Enabling the new norm for Engineering Projects</li> <li>• The Core of a reliable Digital Twin for an Industrial Asset begins with an EPC 4.0 Strategy</li> <li>• Transform Pipeline Operations with Integrated Digital Twin</li> <li>• Transform Water and Wastewater Inspections and Rounds with a Mobile Workforce</li> <li>• Unified Command and Control for Data Centers</li> <li>• Unify City Operations to Ensure Safe, Reliable, and Resilient Services</li> </ul>
<p><b>Sponsor Corner On Demand Sessions</b></p>	<p><b>Discover our partner ecosystem and the great solutions they have to offer</b></p> <ul style="list-style-type: none"> <li>• Accenture: Together is better: How to out-collaborate the crisis</li> </ul>

	<ul style="list-style-type: none"> <li>• INDEFF: Keep your smart factory simple</li> <li>• Stratus: BC to AD: Moving from Before COVID-19 Practices to Agile Digitalization</li> <li>• Skkynet: Remote Operations: Secure, Agile and Real-Time</li> <li>• Radix: Economic Benefits of an FPSO As-Built Digital Twin</li> </ul>
<p><b>Wellness Zone</b></p>	<p><b>Join us for a non-technical session designed for you to relax and enjoy – especially after a long day!</b></p> <ul style="list-style-type: none"> <li>• Cooking Class: Discover culinary transformation of a different kind and learn a new recipe in this 30 mins cooking class</li> <li>• Yoga/Meditation Class: Stretch, breathe deeply and capture a sense of calm in this 30 mins yoga and meditation class</li> </ul>
